**Gallery**

Please add your picture to this gallery so that we can better learn each other's names. See the [Gallery Instructions](#).

---

Karl Lieberherr, your instructor. I like the topic of programming languages and together with my research group we have thought a lot about how to improve them and use them properly. One such “proper use” activity has been the Law of Demeter. See [Karl's home page](#) for further information.

Jesse Tov, your TA. See [Jesse's home page](#).
